- c) all Applicable Regulations and whatever we do or fail to do in order to comply with them will be binding on you; and

5. COSTS, PAYMENTS, CHARGES AND INDUCEMENTS

The provision of Services and the performing of both trading and non-trading operations under the Agreement is subject to the payment of charges to the Company (the "Costs").

Charges

You shall pay our charges as agreed with you from time to time, any fees or other charges imposed by a clearing organization and interest on any amount due to us at the rates then charged by us (and which are available on request). A copy of our current charges is

published on our website. Any alteration to charges will be notified to you before the time of the change.

Additional costs

You should be aware of the possibility that other taxes or costs may exist that are not paid through or imposed by us.

Payments

All payments to us under this Agreement shall be made in such currency as we may from time to time specify to the bank account designated by us for such purposes. All such payments shall be made by you without any deduction or withholding.

Fees for internal transfers

In the event that you submit a request to transfer funds internally between your accounts of different currency, you will be charged 0.5%. If your accounts are of the same currency, then no fees shall be charged.

For example:

Client submits a request to transfer 100 EUR from his account to his USD account.

0.5% fee will be applied on the 100 EUR.

*$100 * 0.5 / 100 = 0.5 \text{ EUR}$.*

$100 - 0.5 = 99.5$. This 99.5 will be converted in USD in his USD account.

Remuneration and sharing of charges

We may share charges with partners, affiliates, business introducers and agents in connection with Transactions carried out on your behalf. Business introducers and agents are paid on the basis of the percentage of spread. Partners and affiliates get fixed fees. Details of such remuneration or sharing arrangements are available to you upon request. If you require more information on the fees and commissions that we pay to business introducers and other affiliates, let us know and we will provide you with further information.

Rollovers, Interest

A daily financing charge may apply to each FX/CFD open position at the closing of the Company's trading day as regard to that FX/CFD. If such financing charge is applicable, it will either be requested to be paid by Client directly to the Company or it will be paid by the Company to Client, depending on the type of FX/CFD and the nature of the position Client holds. The method of calculation of the financing charge varies according to the type of FX/CFD to which it applies. Moreover, the amount of the financing charge will vary as it is linked to current interest rates (such as LIBOR). The financing charge will be credited or debited (as appropriate) to Client's account on the next trading day following the day to which it relates.

The Company reserves the right to change the method of calculating the financing charge, the financing rates and/or the types of FX/CFDs to which the financing charge applies. For certain types of FX/CFDs, a commission is payable by Client to open and close FX/CFD positions. Such commission payable will be debited from Client's account at the same time as the Company opens or closes the relevant FX/CFD. Changes in our swap interest rates and calculations shall be at our own discretion and without notice. Clients need to always check our website for the then current rates charged. Rates may change quickly due to market conditions (changes in interest rates, volatility, liquidity etc.) and due to various risk related matters that are at the firm's sole discretion.

A rollover occurs when reinvesting funds from a mature security into a new issue of the same or a similar security, or moving a forex position to the following delivery date. Energy products offered to Clients, as specified on the Company's website, have a monthly expiration. Clients that hold an open position on the 'EVERFX Expiration' date will be debited or credited by the price difference from the closed contract to the newly opened contract along with a 20% contract rollover fee. Clients are strongly advised to close positions before the rollover take place.

Contract rollover fee: Is the charge for the rollover of the position.

Inducements

The Company does not accept or retain any fees and/or monetary benefits from third parties in relation to the provision of Portfolio Management service. Furthermore, in the case where the Company intends to receive fees, commission or monetary benefits from third parties for such service, all the relevant fees shall be transferred to the client and in case of acceptance of any minor non-monetary benefit this will be disclosed to the Client prior the provision of any investment service to him. Minor non-monetary benefits that are capable of enhancing the quality of our services provided to our clients and are of a scale and nature such that they could not be judged to impair the compliance with our duty to act in the best interest of our clients will be clearly disclosed and will be excluded from this clause.

In general, for investment services other than Portfolio Management service, the Company does not offer, solicit or accept any inducements, other than the following:

- a. A fee, commission or non-monetary benefit provided to or by a client or a person on behalf of a client;
- b. A fee, commission or non-monetary benefit provided to or by a third party or a person acting on behalf of a third party, under the following conditions:
 - the fee, commission or benefit is disclosed to a client, prior to the provision of the relevant service; and
 - it is designed to enhance the quality of the relevant service to a client and in line with Company's duty to act in the best interests of a client i.e. bank and payment provider, liquidity/platform provider fees etc.;
 - It does not impair compliance with the Company's duty to act honestly, fairly and professionally in accordance with the best interest of its clients.
 - Proper fees for the provision of investment services, such as custody costs, settlement and exchange fees, regulatory levies or legal fees, which cannot give rise to conflicts with Company's duties to act honestly, fairly and professionally in accordance with the best interests of its clients

The existence, nature and amount of the payment or benefit referred to here-above, or where the amount cannot be ascertained, the method of calculating that amount, will be clearly disclosed to our client, in a manner that is comprehensive, accurate and understandable, prior to the provision of the relevant investment service or ancillary service of the Company. Where applicable, we will also inform our clients on mechanisms for transferring to the latter the fee, commission, monetary or non-monetary benefit received in relation to the provision of our services.

6. RIGHT TO CANCEL

You have a right to cancel this Agreement for a period of fourteen (14) days commencing on the date on which this Agreement is concluded or the date on which you receive this Agreement (whichever is later) (the "Cancellation Period"). Should you wish to cancel this Agreement within the Cancellation Period, you should send notice in writing or electronically to the addresses found in 'contact us' section (<https://everfx.eu/contact-us/>) of our website. Agreement within the Cancellation Period, you will be bound by its terms but you may terminate this Agreement in accordance with Clause 17 (Termination Without Default).

You will be able to open your trading Account(s) in USD/EUR/GBP/CHF/JPY/AUD or any currency that may be offered by the Company. Account(s) balances will be calculated and reported to you in the currency in which Account(s) are maintained.

9. TRADING POLICIES AND PROCEDURES

Placing of instructions

You may give us instructions in electronic form through the ICC Intercertus Capital Ltd Online Trading System. If any instructions are received by us by telephone, computer or other electronic medium we may ask you to confirm such instructions in writing. We shall be authorized to follow instructions notwithstanding your failure to confirm them in writing. In this Agreement “instructions” and “orders” have the same meaning.

Types of Orders Accepted

Some of the types of orders the Company accepts include, but are not limited to:

- e) Good till Cancelled (“GTC”) - An order (other than a market order), that by its terms is effective until filled or cancelled by Client. GTC Orders are not automatically canceled at the end of the Business Day on which they are placed.
- f) Limit - An order (other than a market order) to buy or sell the identified market at a specified price. A limit order to buy generally will be executed when the ask price equals or falls below the bid price that you specify in the limit order. A limit order to sell generally will be executed when the bid price equals or exceeds the ask price that you specify in the limit order.
- g) Market- An order to buy or sell the identified market at the current market price that the Company provides via the Online Trading System. An order to buy is executed at the current market ask price and an order to sell is executed at the current market bid price.
- h) One Cancels the Other (“OCO”) - An order that is linked to another order. If one of the orders is executed, the other will be automatically cancelled.

- i) Stop Loss - A stop loss order is an instruction to buy or sell a market at a price which is worse than the opening price of an open position (or worse than the prevailing price when applying the stop loss order to an already open position). It can be used to help protect against losses. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the stop loss order and as such, stop loss orders are not guaranteed to take effect at the price for which they are set.
- j) Trailing Stop - A trailing stop is the same as a stop loss order with the only difference being that, instead of setting a price at which the order is activated, the trailing stop order is activated at a fixed distance from the market price. For example, if Client has purchased a long open position and the market ask price increases, the trailing stop price will also increase and will trail behind the market ask price at the fixed distance set by Client. If the market ask price then decreases, the trailing stop price will remain fixed at its last position and if the market ask price reaches the trailing stop price, the order will be executed. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the trailing stop order and as such, trailing stop orders are not guaranteed to take effect at the fixed distance for which they are set.

Following submission of an order, it is your sole responsibility to remain available for order and fill confirmations, and other communications regarding your Account until all open orders are completed. Thereafter, you must monitor your Account frequently when you have open positions in the Account.

Your order shall be valid in accordance with the type and time of the given order, as specified. If the time of validity or expiration date/time of the order is not specified, it shall be valid for an indefinite period.

Terms of Acceptance for Orders

It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a market order, limit order, stop loss order or any other type of order, including the relevant price and lot size. You acknowledge and agree that, despite our best efforts, the

price at which execution occurs may be materially different to the price specified in your order. This may result from sudden price movements in the underlying assets that are beyond our control. The Company shall have no liability for failure to execute orders. The Company shall have the right, but not the obligation, to reject any order in whole or in part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper.

Execution Policy

We are required to have an execution policy and to provide our clients with appropriate information in relation to our execution policy. Our execution policy can be found online on our website. Where you place orders with us, the execution factors that we consider and their relative importance is as set out below:

- a) Price. The relative importance we attach is “high”.
- b) Speed. The relative importance we attach is “high”.
- c) Likelihood of execution and settlement. The relative importance we attach is “high”.
- d) Size. The relative importance we attach is “high”.

We are the counterparty to every order you place with us and therefore we are the only execution venue.

By entering into this agreement the Client acknowledges that he/she understands and agrees that the Company is the sole counterparty and therefore when the Company executes a transaction for (or with) the Client it may be engaging in a similar trading for (or with) other clients, Company’s affiliated companies, or for own account, subject to the provisions of Applicable Regulation.

Authority

We shall be entitled to act for you upon instructions given or purporting to be given by you or any person authorized on your behalf without further enquiry as to the genuineness, authority or identity of the person giving or purporting to give such instructions provided such instruction is accompanied by your correct Account number and password. If your Account is a joint account, you agree that we are authorized to act on the instructions of any one person in whose name the Account is held, without further inquiry. We shall have no responsibility for further inquiry into such apparent authority and no liability for the consequences of any actions taken or failed to be taken by us in reliance on any such instructions or on the apparent authority of any such persons.

Cancellation/withdrawal of instructions

Non-market orders may be cancelled via the ICC Intercertus Capital Ltd Online Trading System but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions. Executed instructions may only be withdrawn or amended by you with our consent. The Company shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

Right not to accept orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason but we shall promptly notify you accordingly.

Control of orders prior to execution

We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation):

- a) controls over maximum order amounts and maximum order sizes;
- b) controls over our total exposure to you;
- c) controls over prices at which orders may be submitted (to include (without limitation) controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- d) controls over the Electronic Services (to include (without limitation) any verification procedures to ensure that any particular order or orders has come from you); and/or
- e) any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

Trade Adjustments

Clients must be aware that Forex transactions carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign currency so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Client has deposited or will have to deposit. This may work against as well as for the client.

The Company exclusively reserves the right to widen its variable spreads, adjust leverage, change its rollover rates and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the trading desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility. In such circumstances, the Client agrees to indemnify the Company for any and all losses that may occur due the widening of spreads and the adjustment of leverage.

Execution of orders

If we encounter any material difficulty relevant to the proper carrying out of an order on your behalf, we shall notify you promptly.

Confirmations

At the end of each trading day, confirmations for all Transactions that we have executed on your behalf on that trading day will be available via your online Account on our website, which is updated online as each Transaction is executed. In cases where the prevailing market represents prices different from the prices posted by the Company, the Company will attempt, on a best efforts basis and in good faith, to execute market orders on or close to the prevailing market prices. This may or may not adversely affect client's realized and unrealized gains and losses.

Improper or Abusive Trading

The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the trading platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

Should you execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith (commonly known as 'sniping'), the Company shall consider this as unacceptable behavior. Should the Company determine, at its sole discretion and in good

faith, that you or any representative of yours trading on your behalf is taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:

- b) orders placed based on manipulated prices as a result of system errors or system malfunctions;
- c) arbitrage trading on prices offered by our platforms as a result of systems errors; and/or
- d) coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.

Then the Company will have the right to:

- e) adjust the price spreads available to you; and/or
- f) restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- g) obtain from your account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- h) reject an order or to cancel a trade; and/or
- i) immediately terminate our trading relationship

Should the Company consider that the employee and/or former employee is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the employee and/or former employee's trading account(s) and all open positions shall be closed immediately and any funds held within the account shall be confiscated.

We treat money received from you or held by us on your behalf in accordance with the requirements of the Client Money Rules. This means that client money will be segregated from the Company's own money and cannot be used in the course of its business.

Interest

You, the client, acknowledge and confirm that no interest will be received on the balance of your account. You hereby waive all right to such an interest.

Overseas banks, intermediate broker, settlement agent or OTC counterparty

We will promptly place any Client money into one or more Segregated Client Account(s) with reliable financial institutions (i.e. an intermediate broker, a bank, a market, a settlement agent, a clearing house or OTC counterparty) taking into account the credit rating of such financial institutions and periodically monitoring their credit risk.

Client money may be held on the Client's behalf with an intermediate broker, a bank, a market, a settlement agent, a clearing house or OTC counterparty located within or outside Cyprus or the EEA. The legal and regulatory regime applying to any such person outside Cyprus or the EEA will be different from that of Cyprus, may be subject to security interests, liens or rights of set-off and in the event of the insolvency or any other equivalent failure of that person, the Client's money may be treated differently from the treatment which would apply if the money was held in a Segregated Account in Cyprus. The Company will not be liable for the solvency, acts or omissions of any third party referred to in this paragraph.

Investors Compensation Fund (ICF)

The Company is a member of the Investors Compensation Fund (ICF). A competent employee of the Company is appointed as the designated officer with responsibility for matters relevant to the Company's compliance with its obligations in regards to the safeguarding of client money and financial instruments.

12. MARGINING ARRANGEMENTS

Contingent liability

Where we effect or arrange a Transaction, you should note that, depending upon the nature of the Transaction, you may be liable to make further payments when the Transaction fails to be completed or upon the earlier settlement or closing out of your position. You may be required to make further variable payments by way of margin against the purchase price of the investment, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the market price of your investment will affect the amount of margin payment you will be required to make. We will monitor your margin requirements on a daily basis and we will inform you as soon as it is reasonably practicable of the amount of any margin payment required under this clause.

Margin call

You agree to pay us on demand such sums by way of margin as are required from time to time as we may in our discretion reasonably require for the purpose of protecting ourselves against loss or risk of loss on present, future or contemplated Transactions under this Agreement.

Failure to meet margin call

Please note that in the event that you fail to meet a margin call, we may immediately close out the position.

Form of margin

Margin must be paid in cash in currency acceptable by us, as requested from time to time by the Company. Cash Margin paid to us is held as client money in accordance with the requirements of the Client Money Rules. Margin deposits shall be made by wire transfer, credit card, e-wallet or by such other means as the Company may direct.

Set-off on default

If there is an Event of Default or this Agreement terminates, we shall set-off the balance of cash margin owed by us to you against your obligations (as reasonably valued by us). The

net amount, if any, payable between us following such set-off, shall take into account the Liquidation Amount payable under Clause 15 (Netting).

Margin close-out (MCO)

The MCO rule standardizes the percentage of the margin at which we are required to close out a CFD or multiple CFDs.

The result of this standardization is a clear and consistent approach across the industry, helping clients to understand what will happen to their investments if they experience adverse price movements.

This MCO rule on a per account basis shall apply to Retail Clients only. The MCO has been set at 50% to ensure that clients' margin is not eroded close to zero. This is in line with examples of good practice in the industry to date. The rule will not prevent clients from choosing to 'top up' their margin if they wish to do so.

Specifically, if the total margin in an account falls before 50% of the amount of initial margin required in respect of the open CFDs, the provider must close one or more of the CFDs.

The MCO rule does not prescribe which positions must be closed out, or in what order. Some clients currently instruct the Company to close out positions in a specified order. In other cases of existing market practice, MCO is implemented on a position-by-position basis, i.e. any single CFD is closed out if the margin allocated to it falls below a certain level. These different ways of implementing MCO will still be possible, but importantly, the threshold of total margin in an account at which MCO is triggered will be standardized at 50%.

Negative Balance Protection

The Negative Balance Protection limits the maximum losses that a retail client could have. It is designed as a backstop for when MCO does not work effectively as a result of a very sudden price movement.

By introducing a Negative Balance Protection per account the client can never lose more than the total sum invested for trading CFDs. There can be no residual loss or obligation to provide additional funds beyond those in the client's CFD trading account.

Because the MCO rule (together with leverage limits) ensures a buffer of margin in normal market conditions, the Negative Balance Protection rule is expected to be needed only in rare situations, under extreme market conditions. Nonetheless, it is a very important backstop.

Further assurance

You agree to execute such further documents and to take such further steps as we may reasonably require to perfect our security interest over and obtain legal title to the Secured Obligations.

Negative pledge

You undertake neither to create nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the cash margin transferred to us, except a lien routinely imposed on all securities in a clearing system in which such securities may be held.

Leverage Limits

Leverage involves borrowing capital in order to get a greater exposure.

As from 01/08/2018 until further update by ESMA, the leverage limits on the opening of a new position for a Retail Client it will vary from 30:1 to 2:1, according to the volatility of the underlying instruments as provided in our Risk Disclosure Statement on our website and here below and as set out:

CFDs on the following financial instruments	New margin rates (leverage levels) as from 01/08/2018
Major FX – currency pairs composed of any two (2) of the following: USD, EUR, JPY, GBP, CAD and CHF	30:1
Non-major currency pairs, gold and major indices	20:1
Commodities other than gold and non-major equity indices	10:1
Individual equities and other reference values	5:1
Cryptocurrencies	2:1

A leverage limit of, for example, 5:1 on the opening of a CFD requires the client to post initial margin of at least 20% of the initial total exposure of the CFD. Similarly, a leverage limit of, for example, 20:1 on the opening of a CFD requires the client to post initial margin of at

least 5% of the initial total exposure of the CFD. The leverage limits imposed in the measure on CFDs set the maximum leverage that we can offer you when opening a CFD.

Leverage limits on the opening of a position are also referred to as 'initial margin protection'. This term highlights that in requiring a certain amount of margin to be initially posted relative to total initial exposure (i.e. a leverage limit), the client is protected from certain risks. These include:

- the risk that charges (such as financing costs or transaction fees) applied to the total initial exposure instantly deplete much or all of the margin; and
- the risk that even small price movements in the underlying drive large changes in the client's available margin, making it likely that large losses will be crystallized.

The risk of CFDs is magnified by the leverage of the CFD. The impact of leverage becomes higher when the value of the underlying asset of the CFD (reference value) is volatile. Some underlyings are much more volatile than others. Setting different leverage limits helps ensure investors face a consistent level of risk.

General lien

In addition, and without prejudice to any rights to which we may be entitled under this Agreement or any Applicable Regulations, we shall have a general lien on all cash held by us or our Associates or our nominees on your behalf until the satisfaction of the Secured Obligations.

15. NETTING

Rights on Default

On the occurrence of an Event of Default, we may exercise our rights under this clause, except that in the case of the occurrence of any Event of Default specified in Clause 14.b or Clause 14.c of the definition of Events of Default (each a “Bankruptcy Default”), the automatic termination provision of this clause shall apply.

Liquidation Date

Subject to the following sub-clause, at any time following the occurrence of an Event of Default, we may, by notice to you, specify a date (the “Liquidation Date”) for the termination and liquidation of Transactions in accordance with this clause.

Automatic termination

The date of the occurrence of any Bankruptcy Default shall automatically constitute a Liquidation Date, without the need for any notice by us and the provisions of the following sub-clause shall then apply.

Calculation of Liquidation Amount

Upon the occurrence of a Liquidation Date:

- a) neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount (as defined below);
- b) we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by us in writing or, failing any such specification, the lawful currency of the United States (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the

relevant exchange as may be available on, or immediately preceding, the date of calculation); and

- c) we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the “Liquidation Amount”).

Payer

If the Liquidation Amount determined pursuant to this clause is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.

Other transactions

Where termination and liquidation occurs in accordance with this clause, we shall also be entitled, at our discretion, to terminate and liquidate, in accordance with the provisions of this clause, any other transactions entered into between us which are then outstanding.

Payment

The Liquidation Amount shall be paid in the Base Currency by the close of business on the Business Day following the completion of the termination and liquidation under this clause (converted as required by applicable law into any other currency, any costs of such conversion to be borne by you, and (if applicable) deducted from any payment to you). Any Liquidation Amount not paid on the due date shall be treated as an unpaid such amount and bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11.00 am (London time) (or, if no such rate is available, at such reasonable rate as we may select) plus one (1%) per annum for each day for which such amount remains unpaid.

Base Currency

For the purposes of any calculation hereunder, we may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as we shall reasonably select.

Payments

Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or any event which may become (with the passage of time, the giving of notice, the making of any determination hereunder, or any combination thereof) an Event of Default with respect to you has occurred and is continuing.

Additional rights

Our rights under this clause shall be in addition to, and not in limitation or exclusion of, any other rights which we may have (whether by agreement, operation of law or otherwise).

Application of netting to Transactions

This clause applies to each Transaction entered into or outstanding between us on or after the date this Agreement takes effect.

Single agreement

This Agreement, the particular terms applicable to each Transaction entered into under this Agreement, and all amendments to any of them shall together constitute a single agreement between us. We both acknowledge that all Transactions entered into on or after the date this Agreement takes effect are entered into in reliance upon the fact that the Agreement and all such terms constitute a single agreement between us.

16. RIGHTS ON DEFAULT

Default

On an Event of Default or at any time after we have determined, in our absolute discretion, that you have not performed (or we reasonably believe that you will not be able or willing in the future to perform) any of your obligations to us, in addition to any rights under the Clause 15 (Netting) we shall be entitled, without prior notice to you:

- a) instead of returning to you investments equivalent to those credited to your account, to pay to you the fair market value of such investments at the time we exercise such right;
- b) to sell such of your investments as are in our possession or in the possession of any nominee or third party appointed under or pursuant to this Agreement, in each case as we may in our absolute discretion select or and upon such terms as we may in our absolute discretion think fit (without being responsible for any

loss or diminution in price) in order to realise funds sufficient to cover any amount due by you hereunder;

- c) to close out, replace or reverse any Transaction, buy, sell, borrow or lend or enter into any other Transaction or take, or refrain from taking, such other action at such time or times and in such manner as, at our sole discretion, we consider necessary or appropriate to cover, reduce or eliminate our loss or liability under or in respect of any of your contracts, positions or commitments; and/or
- d) to cancel and/or consider void any Transactions and profits or losses either realised or unrealised and/or to close out the account(s) you maintain with us pursuant to this Agreement, immediately and without prior notice.

17. TERMINATION WITHOUT DEFAULT

Termination

Unless required by Applicable Regulations, either party may terminate this Agreement (and the relationship between us) by giving ten (10) days written notice of termination to the other. We may terminate this Agreement immediately if you fail to observe or perform any provision of this Agreement or in the event of your insolvency.

Upon terminating this Agreement:

- e) all amounts payable by you to us will become immediately due and payable including (but without limitation):
 - all outstanding fees, charges and commissions;
 - any dealing expenses incurred by terminating this Agreement; and
 - any losses and expenses realised in closing out any Transactions or settling or concluding outstanding obligations incurred by us on your behalf.
- f) The Company shall apply best execution rules in cases where you have not provided the Company with specific instructions regarding the closing of your positions.
- g) The Company shall return any funds remaining in your trading account to your bank account, specifically the account from which the funds were debited. Your funds may be returned to another bank account to which you are the

beneficiary as long as you provide us with the required documents to verify that the account belongs to you.

Existing rights

Termination shall not affect then outstanding rights and obligations and Transactions which shall continue to be governed by this Agreement and the particular clauses agreed between us in relation to such Transactions until all obligations have been fully performed.

18. EXCLUSIONS, LIMITATIONS AND INDEMNITY

General Exclusion

Neither we nor our directors, officers, employees, or agents shall be liable for any losses, damages, costs or expenses, whether arising out of negligence, breach of contract, misrepresentation or otherwise, incurred or suffered by you under this Agreement (including any Transaction or where we have declined to enter into a proposed Transaction) unless such loss is a reasonably foreseeable consequence or arises directly from our or their respective gross negligence, wilful default or fraud. In no circumstance, shall we have liability for losses suffered by you or any third party for any special or consequential damage, loss of profits, loss of goodwill or loss of business opportunity arising under or in connection with this Agreement, whether arising out of negligence, breach of contract, misrepresentation or otherwise. Nothing in this Agreement will limit our liability for death or personal injury resulting from our negligence.

Tax implications

Without limitation, we do not accept liability for any adverse tax implications of any Transaction whatsoever.

Changes in the market

Market orders are executed at the bid/ask prices offered through us. Pending orders (stop loss, limit (take profit), entry limit (to buy or to sell), entry stop (to buy or to sell) are executed at the then market price requested by you and offered through us. We reserve the right, at our full discretion, not to execute the order, or to change the quoted price of the Transaction, or to offer you a new quote, in case of technical failure of the trading platform or in case of extraordinary or abnormal fluctuations of the price of the financial instrument as offered in the market. In the event we offer you a new quote you have the right to either accept it or refuse it and thus cancel the execution of the Transaction.

Without limitation, we do not accept any liability by reason of any delay or change in market conditions before any particular Transaction is affected.

Limitation of Liability

We shall not be liable to you for any partial or non-performance of our obligations hereunder by reason of any cause beyond our reasonable control, including without limitation any breakdown, delay, malfunction or failure of transmission, communication or computer facilities, industrial action, act of terrorism, act of God, acts and regulations of any governmental or supra national bodies or authorities or the failure by the relevant intermediate broker or agent, agent or principal of our custodian, sub-custodian, dealer, exchange, clearing house or regulatory or self-regulatory organisation, for any reason, to perform its obligations. Nothing in this Agreement will exclude or restrict any duty or liability we may have to you under Applicable Regulations, which may not be excluded or restricted thereunder.

Responsibility for orders

You will be responsible for all orders entered on your behalf via an Electronic Service and you will be fully liable to us for the settlement of any Transaction arising from it.

Entire Agreement

You acknowledge that you have not relied on or been induced to enter into this Agreement by a representation other than those expressly set out in this Agreement. We will not be liable to you (in equity, contract or tort) for a representation that is not set out in this Agreement and that is not fraudulent.

Indemnity

You shall pay to us such sums as we may from time to time require in or towards satisfaction of any debit balance on any of your accounts with us and, on a full indemnity basis, any losses, liabilities, costs or expenses (including legal fees), taxes, imposts and levies which we may incur or be subjected to with respect to any of your accounts or any Transaction or as a result of any misrepresentation by you or any violation by you of your obligations under this Agreement (including any Transaction) or by the enforcement of our rights.
